UNIT 4

Working with Text

Placeholders, text boxes, fonts, paragraphs and spell check

Slides by Sir M. Khan Jamali

IN THIS UNIT

What you will learn in Unit 4

In this unit you will learn:

4.1

Entering text

Placeholders, text boxes and WordArt

4.2

Font formatting

Font, size, style and color

4.3

Paragraph formatting

Alignment, spacing, bullets and sub-bullets

4.4

Spell check

Find and fix spelling mistakes

LESSON

4.1

Entering text, text boxes and WordArt

Typing in placeholders, text boxes and WordArt

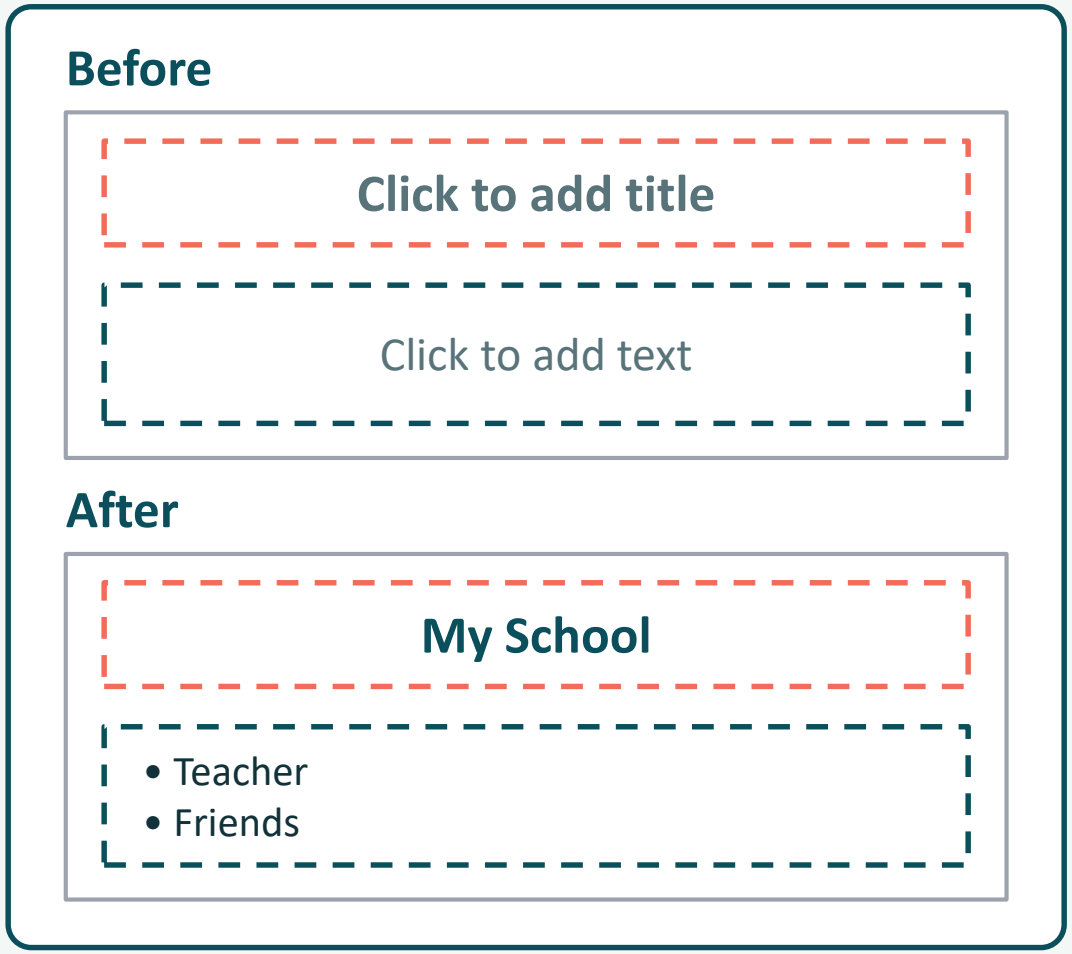

PLACEHOLDERS

Typing in a placeholder

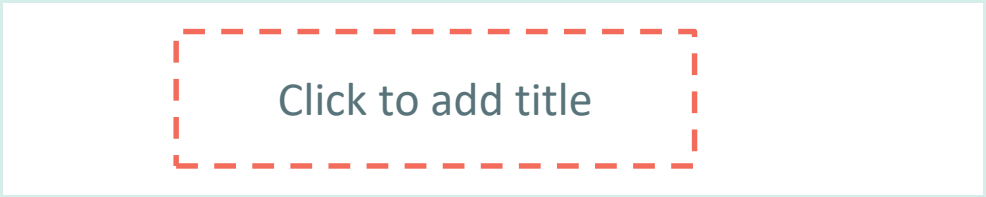

1. Click inside the box that says Click to add title.
2. Type your text.
3. Click outside the box when you finish.

In a content box, press Enter to start a new line or bullet.

CONCEPT

Placeholder or text box?

Placeholder

A box that comes with the layout. It says Click to add...

Best for: titles and main content.

Text box

A box you draw yourself, anywhere on the slide.

Best for: extra notes, labels and captions.

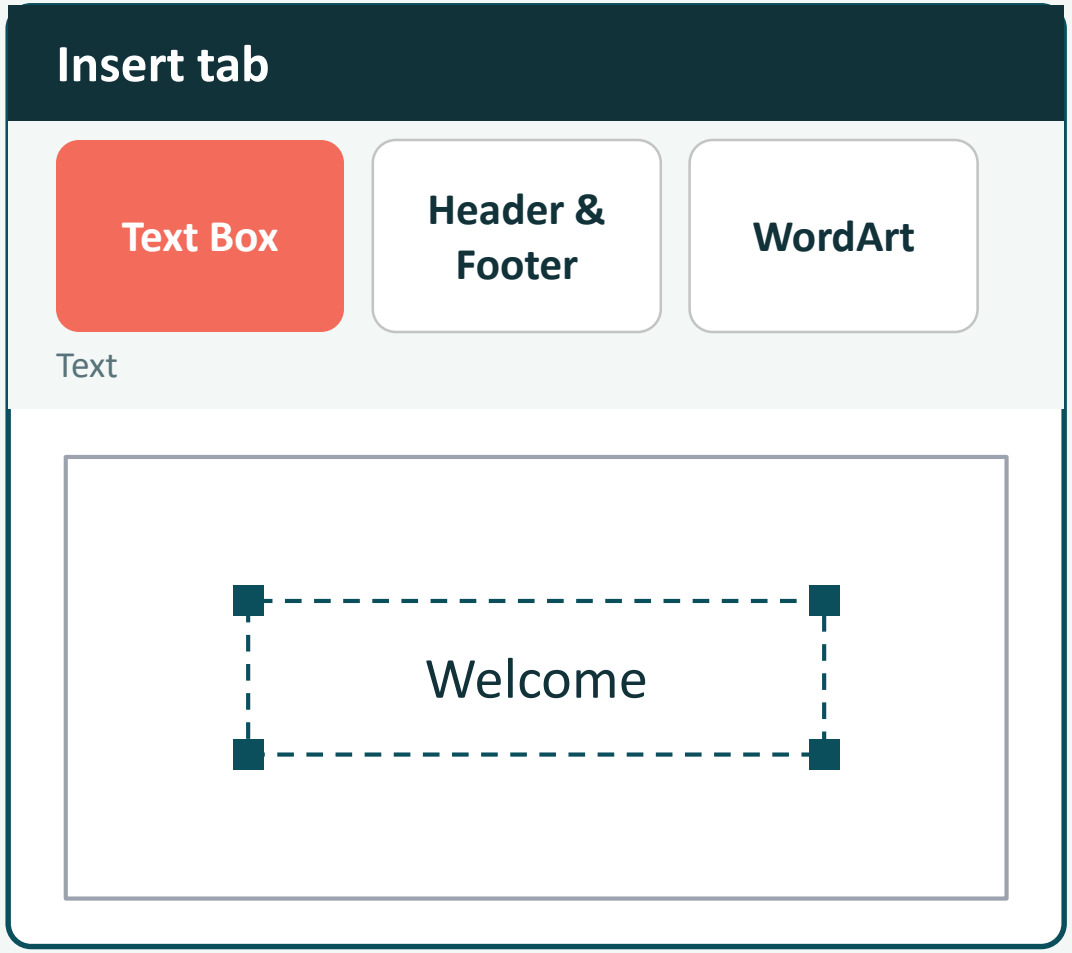

Tip: if the slide has no box where you need text, add a text box.

TEXT BOX

Inserting a text box

1. Click the Insert tab.
2. Click Text Box.
3. Drag on the slide to draw the box.
4. Type your text.

Move it: drag the border. Resize it: drag a corner handle.

WORDART

Inserting WordArt

1. Click the Insert tab.
2. Click WordArt.
3. Pick a style from the gallery.
4. Type your text.

Use WordArt for short titles and key words.
Long text is hard to read.

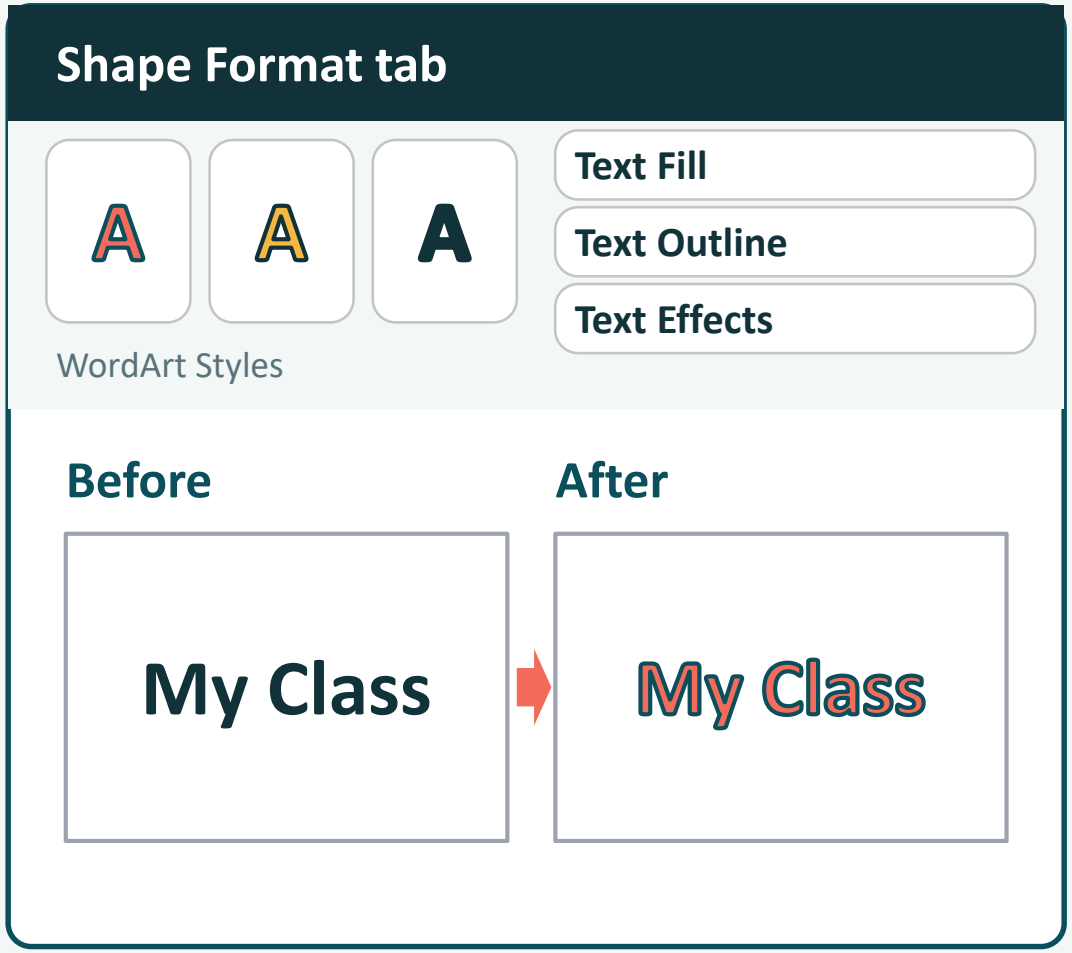

WORDART

Changing the WordArt style

1. Click the WordArt text.
2. Click the Shape Format tab.
3. Pick a style in WordArt Styles.
4. Text Fill, Text Outline and Text Effects change more.

The Shape Format tab shows only while the WordArt is selected.

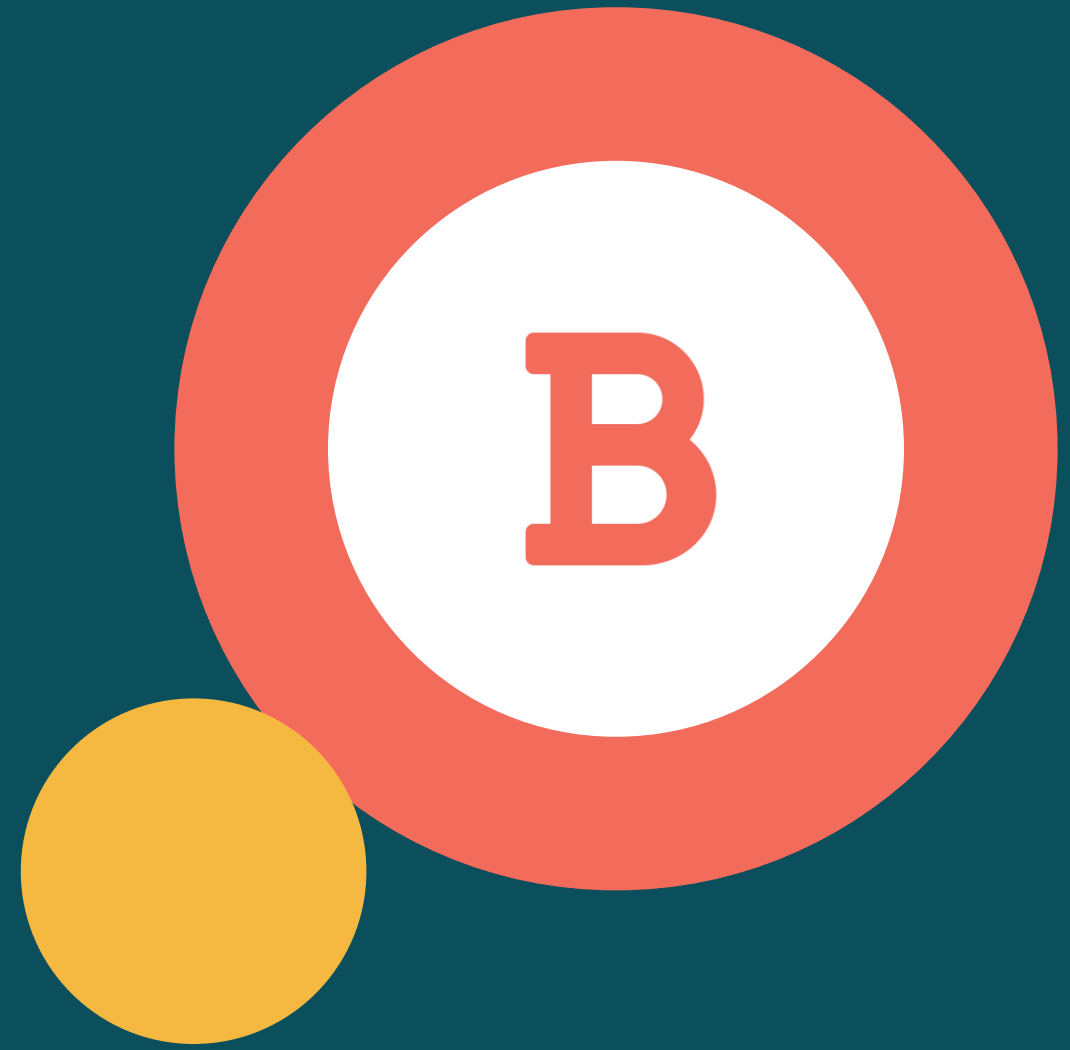

LESSON

4.2

Font formatting

Font, size, bold, italic, underline and color

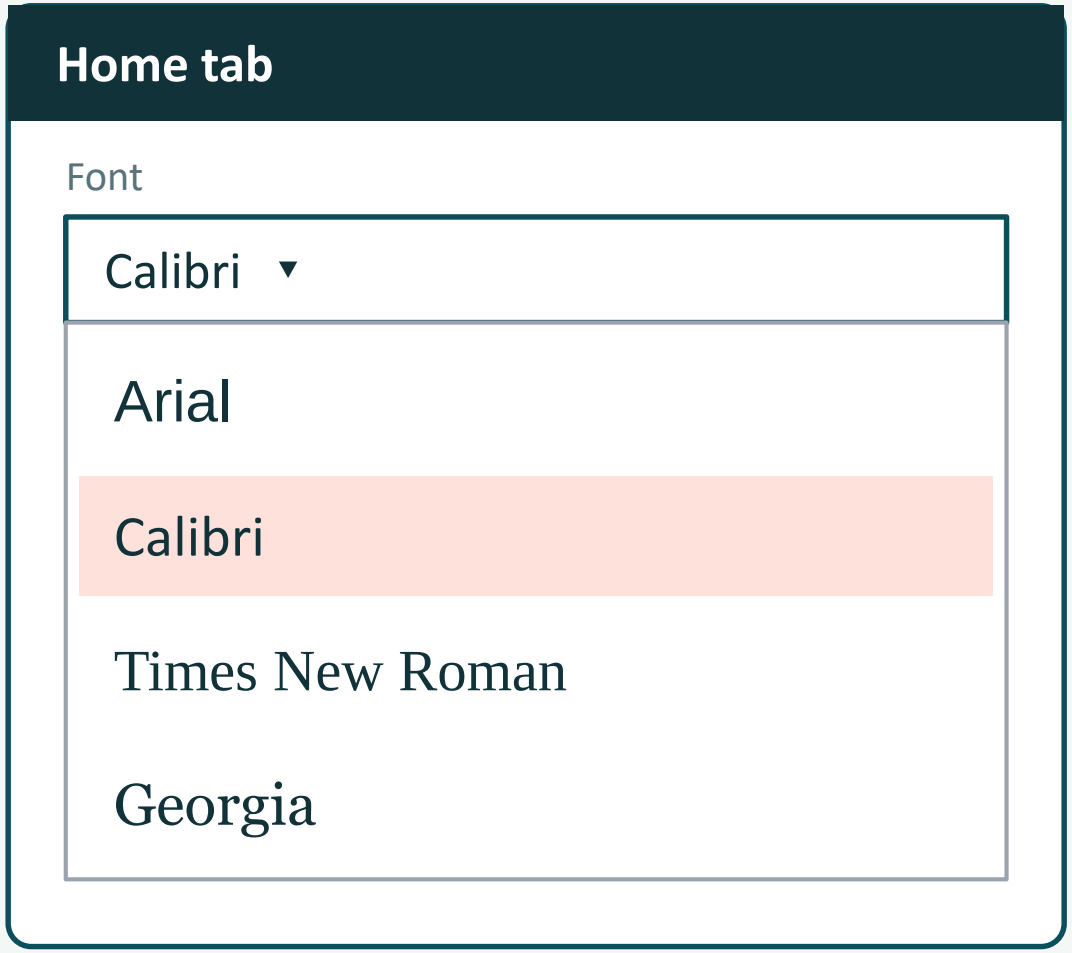

FONT

Choosing a font

1. Select the text.
2. Click the Home tab.
3. Click the Font box and pick a font.

Choose readable fonts for presentations. Use 2 or 3 fonts at most.

FONT SIZE

Choosing a font size

1. Select the text.
2. Click the Font Size box on the Home tab.
3. Pick or type a size.

Important: never use a size below 18 pt. The audience cannot read it from a distance.

TITLES: 32 to 44 pt

Title text

BODY: 18 to 28 pt

Body text

TOO SMALL: below 18 pt

Small text

Cannot read

FONT STYLE

Bold, italic and underline

Bold

Ctrl + B

Emphasize important text.

Italic

Ctrl + I

For quotes or foreign words.

Underline

Ctrl + U

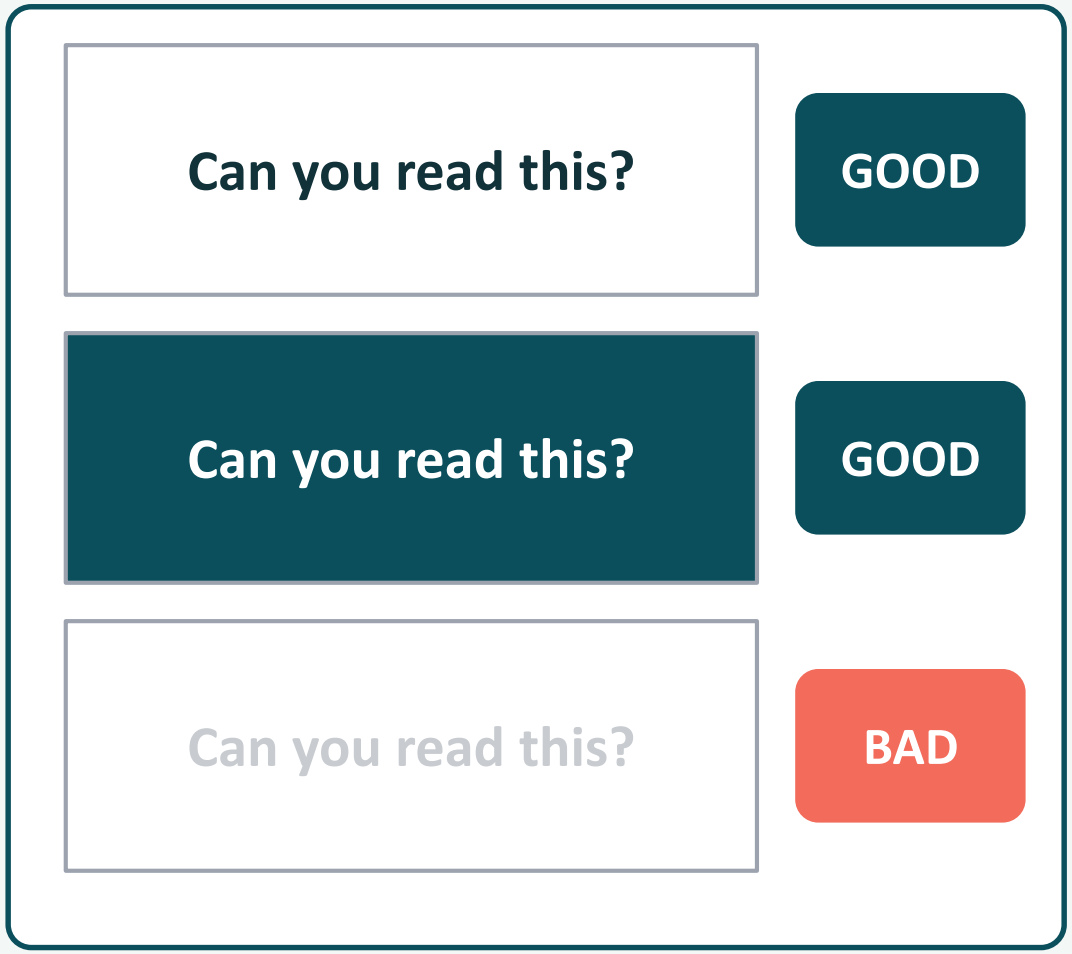

Use sparingly. It looks like a link.

FONT COLOR

Font color and contrast

1. Select the text.
2. Click the Home tab.
3. Click the arrow next to Font Color.
4. Pick a color.

Use high contrast. Match theme colors for consistency.

GOOD HABITS

Do and avoid

DO

- Use readable fonts like Calibri or Arial
- Use 2 or 3 fonts at most
- Use high-contrast colors
- Use sentence case

AVOID

- Text below 18 pt
- Many different fonts
- Low contrast, like light gray on white
- ALL CAPS and fancy decorative fonts

PUTTING IT TOGETHER

Fix this slide: fonts

Before

MY SCHOOL DAY

I go to school at 8 o'clock.
I like computer class.

- Too small
- Low contrast
- ALL CAPS and another font

After

My school day

I go to school at 8 o'clock.
I like computer class.

- Title 40 pt, body 24 pt
- High contrast
- Sentence case, one font

Remember: fix the size first, then the color, then the style.

LESSON

4.3

Paragraph formatting

Alignment, line spacing, bullets, sub-bullets and the 6 x 6 rule

ALIGNMENT

Paragraph alignment

Left

Ctrl + L

body text and lists

Center

Ctrl + E

titles and headings

Right

Ctrl + R

rarely used in slides

Justify

Ctrl + J

not recommended for slides

Tip: select the text first, then click an alignment button on the Home tab.

LINE SPACING

Line spacing

1. Select the text.
2. Click the Home tab.
3. Click Line Spacing.
4. Pick a number: 1.0, 1.5 or 2.0.

1.5 is comfortable to read.

1.0 Tight spacing

Computers help us learn.
We type, save and print.

1.5 Comfortable reading

Computers help us learn.

We type, save and print.

2.0 More space between lines

Computers help us learn.

We type, save and print.

LISTS

Bullets and numbering

Bullets

- Pencil
- Notebook
- Ruler

For lists in no special order. Home tab: click Bullets.

Numbering

1. Open PowerPoint
2. Click New
3. Save your file

For steps in order. Home tab: click Numbering.

Tip: keep points brief and clear. Use bullets for lists, not full paragraphs.

LISTS

Sub-bullets

1. Type the main point. Press Enter.
2. Press Tab. The line moves in.
3. Press Shift + Tab. It moves back out.

In: Tab

Out: Shift + Tab

My Day

- Morning
  - Wake up
  - Go to school
- Evening
  - Do homework

Main point

Sub-bullet

THE 6 x 6 RULE

The 6 x 6 rule

6 **Maximum words per line**

Save | your | work | every | few | minutes

= 6 words

6 **Maximum lines per slide**

= 6 lines

Tip: use bullet points, not full paragraphs.

PUTTING IT TOGETHER

Fix this slide: paragraphs

Before

Computers are very useful machines that help students to learn many things and they are used in schools offices and banks to type save and print work every day.

- ✗ A full paragraph
- ✗ Too many words per line
- ✗ Hard to scan

After

Computers help us

- Type
- Save
- Print

- ✓ Short bullet points
- ✓ Left aligned, 1.5 spacing
- ✓ 6 words or fewer per line

Remember: short bullet points are easier to read than a paragraph.

LESSON

4.4

Spell check

Find mistakes, then change or ignore them

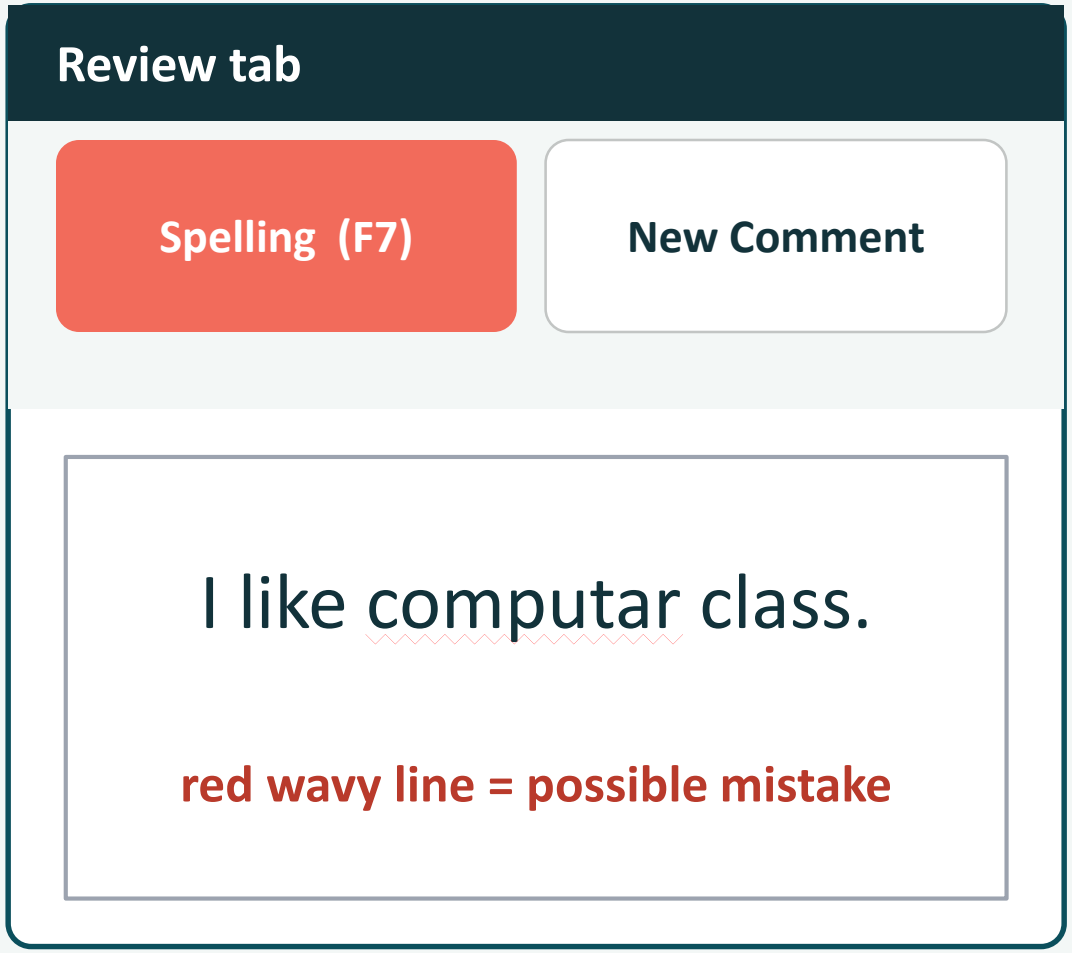

SPELL CHECK

Checking spelling

1. Look for red wavy lines under words.
2. Click the Review tab.
3. Click Spelling, or press F7.
4. Fix each mistake.

A red wavy line means a possible spelling mistake.

SPELL CHECK

Fixing a mistake

Change

Click the correct spelling in the list.

Best for: real mistakes

Ignore

Keep the word as it is.

Best for: names and special words

Add

Add the word to the dictionary so it is not marked again.

Best for: words you use often

Tip: you can also right-click a red wavy word and pick the right spelling.

SPELL CHECK

Spell check is not enough

Spell check finds

I like computar class. **FOUND**

A word that is not in the dictionary.

Spell check misses

I come form school. **MISSED**

A real word in the wrong place. Form should be from.

Remember: read your slides out loud before you present.

REVIEW

Unit 4 shortcuts

Ctrl + B **Bold**	Ctrl + I **Italic**	Ctrl + U **Underline**
Ctrl + L **Left align**	Ctrl + E **Center**	Ctrl + R **Right align**
Tab **Sub-bullet: in**	Shift + Tab **Sub-bullet: out**	F7 **Spell check**

PRACTICE

Practice: Unit 4 slide

SET UP

1. Home, Layout, Title and Content.
2. Type the title and the list.
3. Tab makes the 2 sub-bullets.

FORMAT

4. Title: size 40, bold, centered.
5. List: size 24, then Numbering.
6. List: Line Spacing 1.5.
7. One word bold, one word colored.

ADD

8. Insert, Text Box: your name.
9. Insert, WordArt: Welcome!

FINISH

10. Press F7. Fix the 2 mistakes.
11. Save on Desktop as My Unit 4.

TYPE THIS

TITLE: My Computer Class

LIST (2 words are wrong on purpose):

Learn PowerPoit
Practice typing
  – Use the keybord
  – Save your work
Have fun

ALSO ADD

Text box: By: (your name)
WordArt: Welcome!
